-New ideas presented for 2018-2019:

1. Spelling Bee- geared towards 2nd-3rd students as a family night activity.
2. STEM lab- an after school program grouping 1st and 2nd graders and 3rd-5th graders meeting on separate days. Students would sign up per lab. Each lab consisting of approximately 20 kids. A grant would be applied for to help cover the costs. It would most likely cost the PTA \$2000. There was discussion about the concerns over cost and the limited number of students it would reach. A suggestion was made to contact the park district in regards to similar programs that they might be able to bring to the school.
3. Arts Club- An after school club to help fill the void of Art Awareness.
4. Multicultural Diversity Event- an evening family event that could consist of skits, dances and crafts celebrating different cultures.
5. DK Fitness Event- the PTA would sell concessions at the DK Fitness Tournament held at Windsor.
6. Parent/Teacher Competition Night- This is not something that the teachers can be asked to attend contractually, but plans are to look into making this a possible option at the Back to School Social.
