

Enroll now for the

WINDSOR SCIENCE and ENGINEERING FAIR

Thursday, February 1st, 2024

6:30-7:30 pm

Windsor Commons

The Windsor Science and Engineering Fair is a **fun, non-competitive opportunity** to show off your creative scientific and engineering problem solving abilities.

It is open to all Windsor students Kindergarten through 5th grade!

Get started now!

How Can You Participate?

- Students either conduct their own scientific investigation at home or try to create a solution to an engineering design problem. On the night of the fair, students will share their work with science fair mentors and peers through a presentation poster. Students should be prepared to informally talk about their project with a Science Fair Mentor but will not present to the entire audience.
- For complete information and guidance on how to create a project, [click HERE for the Fair Guide](#).
- Please go to the Windsor PTA website or use the link below to sign up for the fair. You do not need to have your project finalized in order to sign up. If your student is working with a partner, be sure a separate form is completed for BOTH students:

[Science and Engineering Fair Sign Up Link](#)

Science and engineering is for everyone.

Please notify Mrs. Anastacio if your student requires any special assistance or services.

Important Dates and Information

- **NOW:** Start brainstorming! Research and design your project!
- **Friday, January 26th:** Deadline for Entry Form
- **Wednesday, January 31st (3:30-4pm) OR Thursday February 1st (8am-9am):** Poster drop off-Windsor Commons. Please make sure everything is clearly labeled with the child's name, teacher, and grade.
- **Thursday, February 1st (6:15 pm):** Arrival and setup for students
- **Thursday February 1st (6:30 pm):** Fair opens for guests!

Any questions?

Please email Science Fair Committee Chair Alexis Liakakos (aliakakos@gmail.com).

We are still in need of a few volunteers to help set up the science fair on January 31st and February 1st.

If you are able to, please reach out to Alexis Liakakos (aliakakos@gmail.com).
